CLUB ISSUES ROAD RULES

Automobile Owners Publish Bulletin to Benefit Drivers.

The following rules of the road were published recently by the Columbia Automobile Club:

1. When meeting vehicles keep to your right. Always drive on the right-hand half of the road.
 2. Pass all vehicles on your left when coming up from behind. Return to right side of road as promptly as you can.
 3. When approaching corners sound your horn and go slowly. Keep to the right.
 4. You can never make a mistake if you drive on the right-hand side of the street.
 5. When stopping in town the curbing should be at your right hand, if it is not there you have stopped wrong and cannot possibly start right.
 6. Never turn around in the middle of a block. Turn at street intersections.
 7. When slowing to stop or turn give signals to the driver behind you by holding out hand and arm from the driver's seat.
 8. Remember that it is your duty to pull out to the right to allow vehicles to pass from the rear.
 9. Do not be afraid to use the horn. Nothing is more unpleasant to the man on foot than the sensation of having an automobile unexpectedly shoot past him. Though you may know he was not in danger, he will never know it, and many a motor-hater has been developed by this kind of treatment on the part of the automobilist.
 10. If you overtake any vehicle on the road you have the right to pass it, but a proper consideration for the rights and pleasure of others dictates that you must maintain the same speed at which you passed until you are well in front, so that others may not have to eat your dust.
 11. Familiarize yourself with the rules of the road.
 12. The rules of the road apply to all vehicles whether motor driven or horse-drawn.
- The legal speed is eight miles an hour in business district of the city; fifteen miles per hour in the city; twenty-five miles an hour in the county.
- The dangerous corners are designated as Hitt and Broadway, Ninth and Conley, and Ninth and Broadway.

ENTERTAIN FOR COMMENCEMENT

University Elementary School Will Give an "At Home."

There will be an "at home" at the University Elementary School next Wednesday in place of regular commencement exercises. Open house will be held from 3 o'clock until 6, and there will be a continuous program. There will be three sections, in which the leading parts will be taken first by the smallest pupils, second by the intermediates, and last by the upper grades and the graduating class.

The numbers will consist of songs, including German songs; folk dances, some in costume and some special dances; games, such as are played during the school term, and dramatizations of stories. There will be piano solos by girls of the school. The girls of the graduating class will present studies in costume of manners and costumes of people in different countries, and the boys, by drawings and mechanical devices, will illustrate the industries taught during the year.

On the second floor will be an exhibit of the handiwork of the pupils, wood work, textile work and drawings, shown by the pupils themselves. Writing done by the pupils during the year will be shown. As a background for the program, the fountain in one corner of the building will be banked with flowers and plants.

There are thirteen graduates, six boys and seven girls. The diplomas will be presented at the end of the program.

Commencement exercises of the University High School will be held Tuesday evening, May 27, in the University Auditorium. The program will be almost entirely musical, there being no speeches and no papers by the students. There are to be vocal and piano solos and a stringed quartet. The diplomas will be presented by President Hill, who will make a short address.

There are thirty pupils to be graduated, practically all of whom will enter the University next year. There are now 116 graduates of the University High School attending the University. All formalities are to be dispensed with at the exercises. The class includes sixteen boys and fourteen girls.

WOMEN TO GIVE "THE PIPER"

Miss Katherine Barnes Will Be Crowned at Spring Entertainment.

The University women will give their spring entertainment on the University campus at 8 o'clock Tuesday, June 3. Miss Katherine Barnes will be crowned queen at this event.

The play selected this year is "The

Piper" by Josephine Preston Peabody. It was the prize play written for the Shakespeare Memorial Theater at Stratford-on-Avon, and was played in the New Theater in New York in 1911. It is the old story of the Pied Piper of Hamelin, introducing a love theme and other variations. There are twenty-four speaking parts and about fifty in the entire cast. A great many children's parts appear in the drama. The costumes will be unusually effective.

The leading parts in the play will be taken by the following girls: The Piper, Josephine Sutton; Barbara, Helen Lowry; Michael-the-Sword-Eater, Marjorie Graham; Veronika, Dorothy Jones.

Leslie Hohman of Kansas City is here to train actors for their parts.

The attendants for the queen of the June fete will be Misses Winifred Toner, Sarah McLaughlin, Rowena Campbell, Ramona Walters, Lavina Peters, Louise Halliburton, Bernice Sturgis, Mabel Hurst, Vivian Yarbrough and Lucile Phillips.

PARTY FOR TELEPHONE GIRLS

Miss Ida Potter Entertained at the Plant Last Night.

Miss Ida Potter, chief operator of the Columbia Telephone Company, entertained the operators last night, in the rest room of the plant. Miss Potter planned to start the custom last year of having an annual event of this sort but owing to the death of her father was unable to carry out her plans.

The rooms and the table were decorated with roses. The only light was from red candles, the electric lights being turned off. The ice served was moulded in the shape of bells placed on doilies, interwoven with real rose leaves.

Colonel J. A. Hudson, president of the company, gave a short talk on "What Can We Do to Improve the Service," and said for one thing if the girls would stay with him longer and not get married it would help some. Miss Potter spoke about the work and the girls were given questions to answer about the system in general.
